Subject: Morrisville Safety agenda

Maggie:

This is Joe Cable. I'm representing neighbors in Preston as a board member of the Preston Community Home Owner's Association. We have been informed of a safety visual hazard on Crabtree Crossing at Hampton Pines in the median of Crabtree Crossing. The grade is too high and there are also trees and bushes impeding drivers ability to turn onto and out of Hampton Pines Dr. We've reached out to the neighbors in that area and they have expressed interest in speaking to this hazard at you upcoming meeting. As a result, we wish to be added to the agenda for your March 7 meeting. Let me know whatever we need to do to help these people. Some are elderly and have almost had head on collisions as a result of the hazard.

Thank you for the consideration.

Best regards,

Joseph H. Cable
